## **Moots Refurbish Work Order**

Before sending your frame into Moots:

- Call us: 970-879-1676 have your serial number (found on bottom of BB), credit card, and return shipping information ready.
- Complete the Refurbish Work Order
- Clean your bike and remove all of the components from your frame, including the headset and bottom bracket.

Refurbish (\$400) includes frame inspection & alignment check, bead blast, and new decals. Add'l charge for premium finish.

**Special Instructions** 

**Shipping your frame to Moots**: Please ensure that your frame is carefully packaged - please DO NOT use packing peanuts.

\*We recommend insuring and tracking your package

Attn: Refurbish 2545 Copper Ridge Dr Steamboat Springs, CO 80487

Turnaround time varies, typically 4 weeks

\*If not selected, but we note that it is time for a YBB replacement, we will call for approval

\*\*Disc brake tabs can be retrofitted to mountain bikes only. We cannot remove any weld-ons; including canti studs or cable guides

Call 970-879-1676 with any further questions
