

# MOOTS

## THE MOOTS REFURBISH PROCESS

If your Moots is ready for a little love, send it in for a refurbish.

The lowdown:

**First remove all parts from your frame including headset and Bottom bracket**

### Send it to:

Moots

Attn: Refurbish

2545 Copper Ridge Drive

Steamboat Springs, Colorado 80487

**Call us at 970-879-1676** – have your serial number, return address and payment details handy. We will go over your refurbish options and answer any questions you may have.

## WHAT A REFURBISH INCLUDES

- Clean and remove all old decals
- Check frame for alignment
- Bead blast
- Apply our current new decals or optional etched finish (decal options: white with black, red, or blue outline or solid black)

Additional options: Replace YBB kit is necessary (\$60), disc brake addition (\$125)

Please note – *We cannot remove any weld-ons including canti studs or cable guides, nor are we able to refinish any frame that has been painted.*
